This is not the official SQUARE 1 ART form, only a sketch paper. Bring completed sketch to next art class. This sketch is for a grade.

Create a Practice Sketch!

1. Create a design in this space. Discuss ideas with your family.
2. It is best to draw 1 thing really large instead of lots of little things.
3. Because this is a sketch, it does not need to be colored but your final design will be in full color.
4. Draw carefully, trace with marker and erase completely.
